

## Upcoming Events

### **Aftersales Dealer Conference**

2014 will bring with it a lot of challenges and even more opportunities for us as a team to make a bigger impact in the retail market. This being said a national aftersales dealer conference is being organised to take place:

**Date:** March 2014

**Venue:** Johannesburg

Details will be communicated soon.

This conference will be handling all pressing dealer issues and great opportunities for all dealers, in both the Service and parts departments.

The dates for this conference will be released to all service and Parts managers within the month of February, and we ask all to make an effort to join us for what will be promised to be a fun filled, value adding conference.

Brett Hardie

**Head: Technical, Warranty and Aftersales**
